## About This Game

**Blast your hovercycle through the enemy's crushing forces under a bright blue sky!**

Check out the "Location Test" demo using the "Download Demo" button on the right!

## What is it?

Drawing inspiration from saturated, hectic, and skill-based arcade games new and old, including games like *Burning Force*, *Border Down*, and *DARIUSBURST*, *Horizon Vanguard* is a VR action game that aims to combine the speed, focus, and density of **arcade shooting games** with the immersion and input capabilities of **modern VR technology**. Use your hovercycle to dodge enemy fire and attack armored ground targets while taking aim with your pistol to destabilize and destroy aerial foes! Use your radar to get your bearings when overwhelmed!

## Features

- Support for the **HTC Vive** and the **Oculus Rift** (both with and without **Touch**)
- An **arcade game structure**: short, dense, and challenging
- **15 branching stages**, each with a unique boss, access to which is dependent the player's ability to find **hidden intel**
- **Comfortable movement** in VR while maintaining a **blistering sense of speed**

- 
- A catchy, melodic soundtrack by **Ken Snyder** (aka **coda**)
